(2) The infernation does not indicate whether all components of the 45th Gds Mecz Regt of the 13th Gde Mecz Div were still at their post in the first half of August 1951.

(3) Motor vehicles whether all components of the at the Apetlon AMA range in June and July 1951. It is possible that these belong to the 2500th AMA Regt of the 13th Gds Mecz Div. Nowever, it has not been determined whether the regiment is permanently quartered in hutnert I east of Kaiserstein-bruch.

(4) The guards were probably air force soldiers.
